**ANNUAL REPORT
TOWN OFFICERS
for
THE FISCAL YEAR ENDING
DECEMBER 31, 1980
and of the
SCHOOL DISTRICT
for
THE YEAR ENDING
JUNE 30, 1980**

**THE 1980 TOWN REPORT HAS BEEN DEDICATED TO
GEORGE B. ROBERTS, JR.
BY A VOTE OF THE 1980 TOWN MEETING.**

George B. Roberts, Jr. was raised in Gilmanton and educated here in New Hampshire. A graduate of Laconia High School, George attended the University of New Hampshire where he received his Bachelor of Science degree and his Master's in Public Administration.

George served in the United States Coast Guard six years active in Reserve North Atlantic Patrol.

Always an active member of his community, George is a member of the First Congregational Society of Gilmanton; a member and past president of the Gilmanton Historical Society; and a member of the Gilmanton Iron Works Fire Department.

But it is as a public servant that George is best known to the citizens of Gilmanton. First elected to the New Hampshire House in 1967, George spent fourteen years representing the town in the State House. In addition to membership on the House Appropriation and Executive Department Administration Committee, George is the only member of the Belknap County Delegation who was ever elected to serve three consecutive terms as County Chairman.

Rising through the ranks, George became House Majority Leader in 1971 and held that position until his election as Speaker of the House in 1975.

During his six years as Speaker, George accomplished a great deal for his town and for his state. He was honored in his last term by being elected president of the National Conference of State Legislatures. He is listed in "Who's Who in America" and "Who's Who in American Politics".

Perhaps his most enduring accomplishment in the House was the modernization of the New Hampshire Legislature. Under his leadership, willing membership was provided with the facilities, the staff expertise and the technology necessary for a citizen legislature to function in the second half of the twentieth century.

Throughout these hectic and productive years, George B. Roberts, Jr. has always had time for his home town, having served as Trustee, Town and School Moderator, and State Representative. As our State Representative he was always available to help anyone with a state or local problem.

The citizens of the Town of Gilmanton, N.H., take great pride in this opportunity to express their appreciation to George B. Roberts, Jr., for the exceptional services which he has rendered to his State and Town and in so doing, which to express their fervent hope that God's blessings will be with him for many years to come.

The following Testimonials were adopted:

Mr. Moderator: I move the adoption of the following testimonial.

We, the Towns-people of Gilmanton, N.H., assembled in Town Meeting, this 15th day of March, 1980, desire to take this opportunity to express our thanks and appreciations to Mr. Rolland C. Hawkins for his outstanding services to the Town of Gilmanton as Health Officer for the past twenty-two years (1958-1980).

The exceptional qualities of these services were especially manifest by his timely and efficient guidance, supervision and inspection of the installation of sewerage disposal systems. The demonstrated qualities of loyalty and devotion to the responsibilities of his position were such as to reflect great credit to himself and were major contributions to the orderly development and economic well-being of the Town of Gilmanton.

I further move that a copy of this testimonial be spread upon the permanent records of this meeting.

Proposed by: Col. W.A. Emond

Mr. Moderator: I move the adoption of the following testimonial.

The political and seasonal winds, which are now blowing, are giving a message of forthcoming changes in certain political aspirations. For this reason, we, the citizens of Gilmanton, N.H., assembled in Town Meeting this 15th day of March, 1980, do desire to offer this timely testimonial of our appreciation for the services rendered to his community, county, his state and his nation by one of our most distinguished citizens, the Honorable George B. Roberts, Jr.

This dedicated gentleman has represented the Town of Gilmanton, N.H., in the New Hampshire House of Representatives from January 1967, to this date. During this period of service he has served two terms as Majority Leader, January 1971 - January 1975, and as Speaker of the House for three terms, January 1975 to the current date.

Further, during this entire period of service as a member of the New Hampshire House of Representatives, George B. Roberts, Jr., has served as a member of the Belknap County Delegation and as Chairman for three terms, 1969 to 1974 and

Further, in addition to these responsible positions, he has served as a member and/or chairman of many important committees, commissions, etc. These services have been major contributions to the improvement of the legislative processes, and have greatly enhanced the quality of the service rendered by the State of New Hampshire and its subordinate communities, and

Further, he has rendered outstanding service to the Town of Gilmanton as Town Moderator from 1976 to this date; as School District Moderator from 1978 to this date, as Trustee of the Trust Funds from 1969 to 1974 and President of the Gilmanton Historical Society for the season 1975-1976, and,

Further, George B. Roberts, Jr., has been a member of the National Conference of State legislatures since it was organized in 1975. His competence in legislative procedures and responsibilities have been recognized by that body which, in turn, has elected him Vice President 1977-1978; President-elect 1978-1979; and President 1979-1980, and

Further, his performance of all the foregoing responsibilities, together with his service as a member and/or chairman of many other commissions and/or committees serving his town, his county, his state and his nation, together with all of the aforesaid responsibilities, have been performed in such a manner as to reflect great credit to himself, his family and his community, now therefore be it

RESOLVED, that in recognition of these outstanding services and devotion to the responsibilities thereof, I move that the Town Report for the calendar year 1980 be dedicated to George B. Roberts, Jr., and that a suitable portrait type photograph and biographical resume of the life and achievements of George B. Roberts, Jr., be included therein.

Proposed by: Col. W.A. Emond, U.S. Army, Retired.

The foregoing resolutions were unanimously adopted and a standing ovation was given to the recipients.

Meeting adjourned at 9:30P.M.

Are you in favor of the adoption of the amendment to the Gilmanton Zoning Ordinance as proposed by the Planning Board? Yes 179 No 288*

The proposed amendment would add a Wetland Conservation District to the Zoning Ordinance. If adopted, the ordinance would prohibit building construction, filling, and dredging in wetlands. The ordinance would permit forestry, agriculture, wildlife refuges, parks and recreation used, conservation areas and nature trails, open spaces, and the removal of beaver dams in wetlands. Permitted by special exception would be roads and utility easements, ponds and other uses consistent with the purpose and intent of the ordinance. Wetlands would be defined based upon the presence of poorly drained or very poorly drained soils as mapped by the Soil Conservation Service in the Belknap County Soil Survey. LOST. "Shall we adopt the provisions of RSA 72:43-b and 43-c for expanded exemptions on real estate which provide for a resident 65 years of age up to 75, a \$5000 exemption; a resident 75 years of age up to 80, a \$10,000 exemption; a resident 80 years of age or older, a \$20,000 exemption, provided that the resident owns the real estate individually or jointly with another or his spouse with whom he has been living for at least 5 years as man and wife; said resident had a net income of less than \$7000 or combined income with spouse of less than \$9000; and owns assets of any kind, tangible or intangible, less bona fide encumbrances, not in excess of the value specified in RSA 72:43-c, III; provided that the exemptions shall be based upon the assessed value of the real estate?" 4. Department Activity

The Gilmanton Iron Works Fire Department has an active membership of 41 people. Many are involved in firefighter certification training, Emergency Medical Technician training, Advanced First Aid, and various Fire Schools put on in New Hampshire. We also have revamped our interdepartment training with a new and varied program. This training continues throughout 12 months of every year as firemen advance in their skills and knowledge, new members join the department and as techniques in the industry advance.

Other members are more directly involved with our Fund Raising efforts. This campaign must be ongoing in order to ensure continued advancement of the department's quality despite expense increases due to inflation.

We express our sincere thanks to all townspeople who have contributed in many ways to our department's success.

Respectfully submitted,

Walter H. Skantz, President

Ralph G. Forsyth, Chief

Leslie A. Forsyth, Sec.-Treas.

GILMANTON RESCUE SQUAD

The Gilmanton Rescue Squad during the past year responded to approximately 70 emergency calls. This level of activity has remained relatively constant over the past few years. Additionally the Rescue Squad responds to all major fires within the town to provide both medical and equipment support.

The majority of the Rescue Squad members are now certified Emergency Medical Technicians. This certification requires approximately 150 hours of specialized training plus recertification is required every two years. The Squad also has regular monthly training sessions plus conducts special courses in such activities as Cardiopulmonary Resuscitation (CPR). The Rescue Squad also provides special medical services to community activities such as a blood pressure clinic at the Smith Meeting House Old Home Day.

We wish to thank the people of the town for their continued support and we are looking ahead to another year of making the town of Gilmanton a safe place to live.

REPORT OF BELKNAP COUNTY SHERIFF

To The Selectpersons of The Town of Gilmanton:

It is with regret that I must make my last report to the Town of Gilmanton with reference to police coverage for the year One Thousand Nine Hundred and Eighty.

At the last Delegation meeting, February 9, One Thousand Nine Hundred and Eighty-One, it was the wisdom of the Representatives to cut the Gilmanton Police Contract and my patrol capabilities not later than July 1, One Thousand Nine Hundred and Eighty-One.

However, my thoughts at this time are to discontinue this coverage by April 1, One Thousand Nine Hundred and Eighty-One and work with the Selectpersons of Gilmanton in setting up your own Department in order to be able to take over the police coverage.

As you all know, the Police Contract has been in effect since One Thousand Nine Hundred and Sixty-Nine, started by the late Sheriff Rodney S. Crockett who had the insight and dedication for real professional law enforcement at the County level. In One Thousand Nine Hundred and Seventy-two, the County lost a great man. Since that time, I have tried to continue the same practice and I feel that with the help from the past and present Selectpersons and the County Delegation that I have done so.

I do, however, feel a great loss due this decision, but another era has passed and we must think positive and go on to bigger and better things.

So, with this in mind, I wish to thank the people in the Town of Gilmanton for their support over the past years, which made the job so much easier. It has been a grateful and very rewarding experience.

God Speed.

Sincerely
Donald C. Alden
Sheriff

REPORT OF FOREST FIRE WARDEN AND STATE FOREST FIRE SERVICE

Forest Fire Prevention: Your Business, Our Business, Good Business. Forest fire prevention slogans have been seen in association with Smokey Bear since the late nineteen forties when a national effort to check the spread of forest fires was implemented.

New Hampshire residents recognized that forest fire prevention and suppression was the responsibility of every citizen, a half century before this national campaign, when our legislature established our first forest fire laws in 1903. Since that date, the State has appointed a town/city forest fire warden who is responsible for forest fire law enforcement in his municipality.

All fires kindled out of doors when there is no snow on the ground must be approved in writing by the forest fire warden before being kindled. All forest fires must be suppressed by the warden and his deputies as soon as they are reported. The cost of fire suppression is shared jointly by the town/city and the State of New Hampshire, as are forest fire prevention and forest fire training costs.

This state and local municipality cooperative forest fire program has given New Hampshire one of the best forest fire records in the United States.

GILMANTON CONSERVATION COMMISSION

The work of the past year has primarily involved the checking and handling of dredging requests. Additional projects have been limited due to my illness during the past summer. My thanks and appreciation go to the Commission members who have carried on in my absence.

Over the next year we plan to work on some important problems:

1. Toxic waste disposal. We will try to determine if the Town needs a resolution to back up the Federal and State Resolutions currently being formulated.

2. Acid rain. The water quality of Crystal Lake has been tested for years. These tests, done by the Crystal Lake Association, have shown an increase in acidity. Gordon Russell tells me that the State tests show that Crystal Lake is ten times more acid than 40 years ago. We are going to ask the State to check the other ponds and lakes in Town. We are deeply concerned with this adverse trend.

3. Clean air. I have written to our Federal representatives and senators urging that the standards of the Clean Air Act be at least maintained. The offending industries from the midwestern states are lobbying for a change in the Clean Air Act that would allow use of higher sulfur content coal. Such use would be definitely bad for our lakes and ponds.

Interested residents are urged to write to our representatives and senators.

Respectfully submitted,

Richard E. Bohannon, Chairman

STATE REPRESENTATIVE'S REPORT

Jane F. Sanders, State Representative

Alton-Barnstead-Gilmanton

Belknap County, District #4

In past reports, I have always had words of encouragement for the local communities regarding the problems of state government. This year, I cannot be quite so optimistic.

Although New Hampshire continues to be a bright light in the nationwide gloom over economic growth and productivity, many other money-related problems have caught up with us. The primary one, of course, is inflation. It affects government at all levels no less than it affects us in our private pocketbooks.

There is little agreement on how large the state deficit is or how to cure state financial ills in general. The major difficulty with both state and county budgets is that over half the bottom line is outside the control of the legislature, either as a result of federal mandate or negotiated employee pay contracts, an unending circle which, it seems, cannot be broken.

The legislature, however, is trying to cope in certain areas. For example, we are deeply involved with "Sunset" review of state agencies and programs in an effort to streamline the bureaucracy. In another area, each piece of legislation we review now must include a "fiscal note," the financial impact of the proposal. In essence, the word that has gone out that if there is no way to finance a new program, it will not be created.

We are squarely facing a policy issue we have ignored at all levels of government for too long: Are we willing to pay for public programs and if we are not, which ones are expendable?

The only answer can come not from government, but from the public which foots the bill.

By comparison, all other legislative efforts will pale. However, a major issue looms over redistricting. Growth in Belknap County will result in the addition of one new representative as well as a reorientation of communities in Belknap District #4. Any large controversy here will concern the communities to be included in our state senatorial district.

I have been reassigned to the Committee on Resources, Recreation, and Development, an excellent location from which to serve the interests of Alton, Barnstead, and Gilmanton.

I continue to hold office hours and welcome your comments during these informal sessions, or by mail: P.O. Box 97, Alton Bay 03810, or by telephone: 875-5140.

Respectfully submitted,
Jane F. Sanders

GILMANTON PLANNING BOARD 1980 ANNUAL REPORT

The Planning Board, composed of seven members and three alternates, meets regularly on the second Thursday of each month at 7:30 in the Selectmen's office at the Town Hall. Work sessions are sometimes held between regular meetings. All meetings are open to the public, and notice is posted in advance at the Corners' Post Office and the Iron Works Store. Minutes of the meetings are a public record and are available for inspection in the Town Clerk's Office.

Major activities of the Board during 1980 included the review of subdivision proposals, the adoption of amendments to the Subdivision Regulations and continuing work on the development of a town Master Plan.

Subdivision activity during 1980 was significantly reduced when compared with prior years. Economic conditions appeared to be the primary reason for the decline in the number of subdivisions proposed.

Following a public hearing held in June, the Board voted to adopt a number of changes in the Gilmanton Subdivision Regulations. The changes were the results of much study and work by the Board over a period of almost a year. Many of the changes were minor or simply procedural. Two important changes entailed more stringent requirements for road construction and the basing of minimum lot sizes in subdivisions on the specific soil and slope conditions present on proposed lots.

The Board and volunteer members of the Master Plan Committee have completed a great deal of work on the Master Plan over the past two years. An attitude survey has been completed, a statement of goals has been adopted and all the data needed to write the Plan has been assembled and analyzed. To complete the remaining most difficult steps of actually writing the Plan and preparing recommendations for action, the Planning Board is requesting a special appropriation of \$2,500 to contract with the Lakes Region Planning Commission for technical assistance. The amount of work already completed through the Board's own initiative has significantly reduced the possible costs to the Town. The Board requests the support of the citizens for the appropriation at Town Meeting.

ANNUAL REPORT OF THE GILMANTON PARKS & RECREATION COMMISSION

The Gilmanton Parks & Recreation Commission has made a concerted effort throughout the past year to make recreation available to townspeople of all ages.

In June, 40 youngsters and 10 adults were provided free transportation and tickets to a Red Sox ballgame. In July, a rock concert was held at Crystal Lake Park for over 150 teenagers. A dog show, sponsored by Ken-L-Ration, was presented at the park and over a dozen youngsters showed up with their K-9s. Ribbons and awards were given in many categories to the delight of all those present. The 1st Annual Halloween party was presented on Halloween night in the GIW Firehouse. Over 80 children from Gilmanton attended and were served free hot dogs and cold drinks. Each child present received a _____ prize of a gift certificate to McDonalds or Burger King for their costume.

The Crystal Lake Park was the scene of many summer activities. Swimming lessons were given by the Red Cross, summer craft lessons were provided by the full-time staff and Little League and softball games were played throughout the season. Many private groups used the park for picnics and barbecues as well as Couple Decathlon events sponsored by the Crystal Lake Association.

The bathhouse plumbing was completed, stalls were put in place, lights installed and signs put up. A far cry from the old outhouse of years past. In an effort to protect the ballfield, the parking lot has been enlarged to accommodate more cars. The picnic tables were restained and the bandstand was completely reroofed and painted. The beach was cleaned and raked and a contract was made for rubbish removal in an effort to maintain a clean and appealing park. The Commission has negotiated an agreement with the Gilmanton Iron Works Fire Department to remove the old carnival booths and at no expense to the town, the Fire Dept. will erect a pole barn which will be available for use by the townspeople. Playground equipment has been purchased and will be erected in the Spring. The Commission continues to work toward completion of the Master Plan for the park and encourages all its townspeople to use the park and enjoy its facilities.

Further recreation facilities are available at the Academy in the form of basketball, picnic tables and skating rink. A new liner has been installed for more fun during the winter months.

The Commissioners welcome suggestions and ideas of further ways that recreation and enjoyment can be provided through your tax dollar. A contract has already been signed for the Pease Air Force Concert Band to perform this summer at the park. We hope everyone will attend and enjoy the evening.

NEW HAMPSHIRE HUMANE SOCIETY

January 5, 1981

Office of Selectmen
Town of Gilmanton
Gilmanton Iron Works, N.H. 03837

Gentlemen:

The 1980 totals on the number of animals from the Town of Gilmanton brought to the N.H. Humane Society Shelter are as follows:

By your Animal Control Officer:

Dogs and Pups	22
Cats and Kittens	<u>0</u>
Total	<u>22</u>

By Gilmanton Residents:

Dogs and Pups	48
Cats and Kittens	<u>39</u>
Total	<u>87</u>

Total number of dogs, pups, cats and kittens from the Town of Gilmanton: 109

We are enclosing a copy of the report on all towns that used the shelter facilities and services in 1980. Your Society's shelter has been inspected and licensed by the State and fulfills your licensed dog pound requirements. It also complies with RSA 442:A, the Rabies Control Act for holding stray dogs.

Every town has a stray and animal problem. We encourage the Town of Gilmanton, and especially the Animal Control Officer, to use our services more in 1981.

Sincerely
Fritz T. Sabbow

Report of the Solid Waste Disposal Committee

Our objective is to find the best way for Gilmanton to dispose of its solid waste. We are making some progress toward this goal and want to point out to residents some observations and facts that we are considering.

1. Our current contract with the Lakes Region Disposal Company expires October, 1982, but has a 5 year optional renewal at added costs. The rate now and in the future is pegged to the Consumer Price Index. The service by the Lakes Region Disposal Company has been satisfactory.
2. In 1978 we transferred 622 tons through the compactor at the Rt. 107 Gilmanton dump. In 1979, 754 tons. The budget is \$35,000 for 1980. Divide this figure by the expected tonnage of 800 and we have a cost of \$43.00 per ton. High by state average.
3. Gilmanton owns no land suitable for a collection point or for a landfill. The compactor is now located on rented property.
4. Your committee has explored the options of incineration, sanitary landfill, transfer, recycling and combinations of these methods, looking for solutions of what to do a year from now. We are not alone in searching for disposal methods and could join with other towns in a regional approach. This would make feasible a very large station where incinerators would generate steam for sale. We should entertain a regional approach if it develops because of long term benefits.
5. Our immediate solution will be a continued transfer program combined with separation. This means we will reduce our transportation tonnage through the sale of the recycled items. The separated items would be glass, aluminum cans, newspaper, and scrap metal. This will require a storage building.
6. A plan will be prepared for the 1982 town meeting.
7. The Commission stands ready to talk with residents interested in or has any comments on the solid waste disposal system for the future. We can be reached through any member listed below.

SCHOOL WARRANT
The State of New Hampshire

To the inhabitants of the School District in the Town of Gilmanton qualified to vote in district affairs:

You are hereby notified to meet at the Gilmanton School in said district on the 8th day of April, 1980 at 7:30 p.m. in the afternoon, to act upon the following subjects:

1. To determine and appoint the salaries of the School Board and Truant officer, and fix the compensation of any other officers or agent of the district.
2. To hear the reports of the Agents, Auditors, Committees of Officers chosen, and pass on any vote relating thereto.
3. To choose Committees in relation to any subject embraced in this warrant.
4. To see if the district will raise and appropriate the sum of \$25,000 as a deficit appropriation to the 1978-79 appropriation for the purpose of meeting unanticipated expenses of the district in the 1267 account and a decrease in projected revenues.
5. To see if the district will vote to raise and appropriate the sum of \$15,000 or some other sum to expend on federal projects only after offsetting federal funds have been approved for payment to the district.
6. To see whether the district will vote to raise and appropriate the sum of \$15,000 to purchase two (2) parcels of land from George B. Roberts consisting of 30.3 acres as recorded in Plan Book 46, Page 21-A, of the Belknap County Registry of Deeds which acreage lies north and east of the current land owned by the Gilmanton School District where the elementary school is situated; and to authorize the Gilmanton School Board to take all action necessary in accord with this vote and execute all documents in connection therewith.
7. To see what sum of money the district will vote to raise and appropriate for the support of schools, for the salaries of school district officers and agents, and for the payment of statutory obligations of the district.

Given under our hands and seals this 20th day of February, 1980.

**AUDITORS
REPORT ON EXAMINATION
OF
FINANCIAL STATEMENTS
OF THE
GILMANTON SCHOOL DISTRICT
FOR THE YEAR ENDED JUNE 30, 1980**

The School Board
Gilmanton School District
Gilmanton Iron Works, N.H. 03237

Ladies and Gentleman:

We have examined the financial statements of the various funds and group of accounts of the Gilmanton School District listed in the following account summaries for the year ended 6-30-80. Our examination was made and included such tests of the accounting records as we considered necessary in the circumstances.

In our opinion, the financial statements listed in the table of contents present fairly the financial position of the funds of the Gilmanton School District as of 6-30-80, and the results of operations of such funds for the year then ended in conformity with generally accepted accounting principles applied on the basis consistent with that of the preceding year.

Account Summaries are included in this report on the following pages for your additional information and examination.

Respectfully submitted,
The Town Auditors
ELIZABETH CLARK
PHYLLIS CLAIRMONT
KATHERINE CLAIRMONT

There were a total of 28,308 Lunches served with milk, a decrease of 921 from 1978-79 and an additional 4547 ½ pints of milk were used by students at a charge of five cents under the Special Milk Program. Lunches were served 153 days with an average daily participation of 185. Each lunch cost an average of 87 cents to serve. This does not include the value of government food used. The program utilized about \$2794. (Wholesale value) of government commodity donated foods.

In view of the increased food and milk prices, we will be forced to raise our lunch price to 45 cents for 1980-81 school year. We hope to hold the line at this price. The kitchen staff, headed by Joanne Patch, capably assisted by Bernadette Tibbetts and Jeannette Stockwell with a substitution occasionally by Louise Sawyer, works very hard to control expenses and have certainly been responsible for the success of the program.

Dear Citizens:

For the eighth time, I have been asked to compile a brief statement characterizing our school, its mission, and its problems in the future. In addition to the curriculum work we have been engaged upon for the past several years, we also can point with great pride to construction of the six classroom and library addition to the school. It was accomplished just under the inflationary wire, and we were able to borrow the money at a bond rate that no longer exists. the savings we have effected by building at that time are too vast to calculate.

However, there are more threats on the horizon than there are promises. Inflation and rising taxes make proper support of the public schools more difficult as each year goes by. Proposition Two and a Half is making a shambles of the Massachusetts school system — once one of the best in the nation.

Everyone who pays taxes is faced with a most difficult decision where public school finance is concerned. Shall we meet the inflationary spiral by funding education in such a way as to maintain its basic function, or shall we reduce instructional and other services?

This will be our annual decision to make for the rest of this decade.

Sincerely yours,

ROBERT W. MUSGROVE
